The Association of State Dam Safety Officials (ASDSO), in conjunction with the Pennsylvania Department of Environmental Protection Dam Safety Program, invites you to participate in a one-day Dam Safety Workshop at the Slippering Rock University/Robert M. Smith Student Center in Slippery Rock, PA.

The registration cost for the Dam Safety Workshop is $30 per person and attendees must register in advance. No walk-in registrations will be taken.

Check in for the workshop will open at 8 a.m. and the workshop and will begin at 8:30 a.m. and will end by 4:30 p.m. Information will be available throughout the day and you will have the opportunity to meet and network with your state dam safety officials, well-known experts in the field of dam safety, other dam owners and others with an interest in dams. You will also receive electronic access to the materials.

ASDSO is a national, non-profit professional association of engineers and individuals who own, regulate, or work on dams. For more information about ASDSO, visit DamSafety.org or call (859) 550-2788.

The workshop is designed to provide practical, straightforward information on topics of importance to dam owners and those with an interest in dams. The purpose of this one-day workshop is to provide education/information on the following topics:

- Introduction to Dams and State Regulation
- Basic Dam Design
- Erosion Is Your Enemy
- How Does a Dam Hold Water and Why Does It Leak?
- Other Common Problems
- Dam Engineering in Practice: Case Studies
