

Dam Information Resources and Training (DIRT) Conference

The Association of State Dam Safety Officials (ASDSO), and the Indiana Association for Floodplain and Stormwater Management (INAFSM), in conjunction with the Dam Safety Section of the Indiana Department of Natural Resources (IDNR), invites you to participate in a one-day **Dam Information, Resources, and Training (DIRT) Conference** for Dam Owners, Operators, and Local Officials on Tuesday, **June 11, 2019**, at **Valle Vista Golf Club & Conference Center**, 755 East Main Street, Greenwood, IN, 46143.

This multi-speaker conference has been created to bring dam owner / operators together with members of the professional dam safety community and various supporting professions.

ASDSO is a national non-profit professional association of engineers and others who own, regulate, or work on dams. For more information about ASDSO, see its website at www.damsafety.org or call (859) 550-2788.

INAFSM is a non-profit association of public, private, academia, and floodplain resident stakeholders, created to promote wise floodplain and stormwater management practices in Indiana. For more information about INAFSM, see its website at www.inafsm.net or email: admin@inafsm.net.

This Year's Presentation Topics:

- Chute! What Lies Beneath: Heritage Lake Spillway Replacement Case Study
- Shake, Rattle, and Roll: Earthquake Hazards to Dams in Indiana
- Eye in the Sky: Drones for Inspections and Monitoring
- Step by Step: Planning for a Dam Rehabilitation Project
- Lessons Forgotten: Engaging the Next Generation
- Refreshing Your Incident and Emergency Action Plan (IEAP)
- Concrete Inspection and Repair

Plus, **NEW this year** - attendees will have an opportunity to experience the Quake Cottage and learn about how earthquakes affect dams. Learn more online!

Back by Popular Demand:

Are you a relatively new dam owner, newly elected ownership board member, or just want to strengthen your knowledge of basic terminology and fundamental dam safety issues? Then consider joining our new Dam Ownership 101 Track. You will gain a better understanding of ownership responsibilities and the various technical aspects of reducing the risk of a dam failure. This track will take place during morning registration and will conclude before the conference begins so you won't miss a thing. This track is free with a paid registration.
